## MAIN INTRODUCTION

I do research as a hobby, the research that I zero in on is “deception” and “lies” in our geopolitical world. One topic that caught my attention was “Islam,” because of its hostility and impact over the few decades as I was growing up, it became more in my face. From the “spiritual leaders” in Islam it has been proclaimed that America is the “Great Satan.” I can understand why the Muslims would call the U.S. government “The Great Satan” since they are referring to the deep influence that Zionism has in our government, media

and the control of our central bank which is a private banking cartel referred to as the “Federal Reserve.”

Now there are a lot of religions in the world and cults. A religion is a body of believers in something that I may not agree upon but is basically not hostile towards others. That respects the life and property of others. That does not force its belief system on others by threatening coercion and harm. A cult on the other hand puts its believers in bondage to the cult. You cannot question or research outside of a cult. You cannot question the beliefs of a cult. In the cult you cannot think or judge for yourself. Try to leave a cult for something else and you are threatened with damnation and even physical harm, your lively hood is taken away from you and even your family. A cult will demand that it is sanctioned by God so everybody outside the cult are damned and should be put down or destroyed. Our world “religions” and Christian sects will have several red flags that will tip a person off that it may be cultish (i.e. satanic, a dictatorship in the name of a god). All the hallmarks and tests that identify a “religion” as a cult is tied up in Islam, Islam has ALL the red flags that identify it as a cult, it is NOT a religion. It is an extremely dangerous cult that endangers the life and lives of everyone on this planet.

You must understand that Islam is not a religion but is a cult. It is a political and social cult that demands obedience in every aspect of your life. **It is a hardcore system of**

**dictatorship using the name of a god** (their moon god idol, Muhammad's tribal god) to justify its evils. It has at its core the same belief system of Nazism and hardcore communism in its political and social base. Nazism (which is communism i.e. national socialism) communism in general wants to rule the world and even killed millions of people to do it (thank God that the world was able to stop it, for now). It turned once prosperous and good societies into hell holes. Many of the people in these communist dictatorships and in Nazism were good people. But we had to for example, stop Nazi Germany, we bombed the hell out of her and made great sacrifices to destroy Nazism and we also sacrificed and made a great effort to stop the advance of communism (communism is a Judaic, Pharisaic creation, it is a socialist dictatorship of evil whose goal is a worldwide dictatorship governed by their "Noahide Laws". Read our book "[The Khazar Deception](#)" to understand this reality and evil in our world. It is by itself Luciferian, satanic).

Now we are faced with the same evil system from Islam (which is estimated to have murdered since its inception 270 million people) who is using a cult religion to "brain wash" or deceive and force many people and keep them in its system of subjugation. Their goal is to conquer and subjugate the whole world to Islam and they will use the same satanic doctrine of the communist "the end justifies the means." This means they will lie and deceive ([Taqiyya](#) —lying or

dissimulation) for this is a great part of their doctrine. It means that they will not integrate into western society in which they move to and which gives them shelter and a living. It means that they will promote by threat and intimidation the beliefs of Islam. It means Muslims will have large families in order to become more prominent in the western society where they are living while they try to import more Muslim members and at the same time trying to convert as many local people to Islam as they possibly can. Until they by their sheer numbers start to take over the government, first locally then nationally until they can subdue and subjugate the country into Islam and where you will become under the bondage of their Sharia law (after all they don't yet have the military power to do this so they are doing it this way).

We study history so that we may hopefully learn from it. If we understand the evils of Nazism and Communism we had better understand the evils of Islam and put a stop to it. One major step to do is to recognize that Islam is not a religion that should be respected, it is a cult and it is a cult of subjugation and death. Death is the devils way and the only way a Muslim can be assured of "eternal life" and to avoid Hell. He is to kill non-believers in the name of Allah, to become a martyr for Islam. Then he can spend eternity in his own private eternal whore house, what a twisted and shallow belief system. Muhammad is like a [Charles Manson](#) (a

mass murderer and satanic cultist) but a thousand times worse. His followers are like Manson's followers as they strive to imitate their leader and founder of Islam. It is like Europe and America is letting into their society millions of Charles Manson's followers who want to be like Charles Manson, endangering Western society and every person of that society by a killing cult (the Piranhas "killer fish" of Mankind). The Islamist want to establish their hardcore dictatorship and subjugation on Western society in the name of their demon god and were letting them. Your children will curse your name and our leaders of today for giving them this very awful future. Hundreds of thousands if not millions will die fighting this cult of death and subjugation in their own society in the near future because of the fools we have as leaders today.

This book is only the first part of a three part series on what I will refer to as "the Forces of Evil." If we love our country, its freedoms and our society and family, we must get this information out to as many people as possible. We can't afford to have ignorant people in our government and schools when it comes to Islam, for to be ignorant here is to be in peril and if we do nothing, you will doom our society.

Many Muslims in western countries are not bad people for most are only Muslim in name only; they do not practice the cult religion of Islam for they themselves do not understand the teachings and history of Islam. They are like many people who call themselves Christians but do not go to

church or put into practice the belief that they profess to belong to, so it is with a large percentage of Muslims in the western countries. But there are a few Muslims who do believe in and practice the cult beliefs of Islam and they are trying to get the other Muslims to also practice Islam as it was written especially the Medinan version of Islam. You must understand that Islam has over a billion Muslims and there is 10% and more of these Muslims who believe and practice their cult religion as it is written. They are the ones who are referred to as the “radical Muslim” who kill and maim and who are fighting and killing to gain world domination in the name of Allah and Islam. This means that there are 200 plus million “radicals” out to overturn the governments of the world and to subjugate everyone into Islam by the threat of death. This is a very formidable force which is larger than the armed forces of America and Russia combined. Can they pull off their quest of world domination? They can and will, if we don’t stop them now. As for the other Muslims in name only, you don’t hear them protesting or speaking out against their more “radical” brothers in the faith at all. If your country is taken over by Islam, these Muslims in name only are not going to help you. They will be there when the “radicals” are about to off your head cheering them on. When the “radical” Muslims take over, the “moderate” Muslims will morph into “radical” Muslims themselves (for there will be no western laws to stop them, only their Sharia law that promotes

subjugation and death) and they will start practicing the cult of Islam as it is written for them to do. Your choice is – become a Muslim or die. So do you want that choice or do you choose to stop this force of evil now while you still can? There is no such thing as “radical Islam”, there is only – ISLAM. See this video - [Here](#)

## Chapter 2

### Allah is God?

When I was growing up and I started hearing something about Islam's god, it sounded like at least the Muslims worshiped only one god, the creator of the universe and not all these pagan idols and multitude of gods that you find in India. I thought this was at least a good point of Islam since they may be worshiping the same god of the Old and New Testaments as the Christian and the Hebrews of the O.T. worshiped only one god. Well, I guess that in my youth I just didn't understand the deception. The Christian Church just didn't teach about the deception or dangers of Islam. I guess the Christian ministers didn't want to hurt anybody's feelings as Islam's Imams (ministers) are declaring that Islam is a religion of peace. See [Article 1](#)

So, just who is Allah? There was a TV game show that had three people, each person would stand up and claim that they are the real person of interest. The other two fakes would try to fool the audience that they are the real person of interest.

Some 3000 years BC, in the Tigris and Euphrates river basin, there was an ancient civilization called Sumer, with its people called Sumerians.

From archaeological findings of cuneiform engravings, there was a pagan idol named Lil. The name was subsequently modified to Enlil as well as Ramman-ilani. This Ramman idol was transported via trade routes to India to become the Brahman of Vedic literature, subsequently forming the Hindu religion.

The pagan idol remaining in the land of origin became known as Baal of Babylon. As trade routes spread, this pagan idol became arabicised into the name Al-ilah. Al-ilah also had a consort pagan idol named Al-ilat.

With time, Al-ilah became shortened to Al-lah and then Allah.

The name Allah became known as the generic name for god.

The consort Al-ilat became known as Al-lat. Al-lat is one of the pagan idols found in the Ka'bah shrine in Mecca referred to in the satanic verses of Sura 53 of the Qur'an.

Hence the name Allah is not the same name used by Abraham for God which should be El. Even the name of Abraham's son from Hagar is named after El as Ishma-el. Ishmael is purportedly the original father of the Arabs.

See [Article 2](#)

I believe Satan's deception is in hijacking the 'one god' concept of Hebraism and Christianity with the use of the name Allah as the 'one god' rather than the genuine name El.

This deception is rendered more persuasive by using the simplistic one entity Allah rather than the three entity Holy Trinity concept of Christianity (God displaying himself in three different formats, but the same God of creation).

Allah is referred to as the “Moon- god.” Allah is part of a pagan society that was involved in the worship of many idols with Allah being the supreme idol. We can endlessly speculate about the past or go and dig it up and see what the evidence reveals. This is the only way to find out the truth concerning the origins of Allah. As we shall see, the hard evidence demonstrates that the god Allah was a pagan deity. In fact, he was the Moon-god who was married to the sun goddess and the stars were his daughters. See [article 3](#) and [artcle 4](#)

The character of Allah and the God of the Bible are total opposites. The God of the Bible is holy and righteous which means He forgives and He wants you to have a life with Him, He allows you to choose if you want to follow Him or not He does not force you. He wants only the best for you. Your relationship is that of a father and son. While Allah has no forgiveness but is vengeful and vindictive and hateful (like most pagan gods), you must choose to serve him or die. Your relationship to him is that of a slave. In fact the biblical devil and Allah have the same characteristics, oh my.

## An update of Islam since 2015

Update: 2015 we see hundreds of thousands of Moslems fleeing the Middle East hell holes that they were living in and caused by their very own Islamist ideology. It is a heart rening scene as these people risks their lives and the lives of their children fleeing to Europe for a much safer and better life. Of course as human beings we would want to help them out. But here's the problem. They are bringing with them their ideology of Islam, a cult of death and subjugation. When they settle into the Western countries they will not become apart of that society, but will become a society within that society. Then they will start promoting Islam, threatening the indigenous people and demanding that the country that gives them a living, food and a home to conform to them, not accepting that they are the foreigners in the country. They will try to transform that country into an Islamic society, turning it into the very hell hole that they fled from. All you have to do is go back into history to the Middle Ages when the Moors (Islamist) had the countries of Europe at that time under their thumb for over four hundred years (before the Christian society finally had enough and formed the crusades and pushed back, destroying this evil that had Europe in its claw). See the death and devastation and misery that Islam has caused. They definitely were not the religion of peace. They were a hardcore dictatorship in a name of a false god, as they are today. Christians were relentlessly

persecuted and murdered, their holy places desecrated, even their graves. If we learn anything from history and of today, it is that Islam is a plight on mankind and a very serious danger to Western society, your family and way of life. Islam is not a religion but a cult, a cult of death and subjugation that needs to be stopped for the sake of the world. You can look at a modern western country today to see what will happen throughout Europe, North and South America and Canada in the near future. Serbia a modern western country that had a culture of Christianity. What happened was that Moslems moved into the country and started to impose Islam and sharia law to the detriment of the Christian culture of the indigenous people. This resulted in a civil war as the indigenous people wanted the Moslems gone from their society. A great amount of bloodshed and atrocities resulted on both sides. It was a horrible price in blood, suffering and death that was paid. If the Moslems were kept from entering into this society none of this would have happened. Happily Russia intervened as Serbia was of strategic importance. Also Russia was itself breaking free from another vile evil that murdered 66 million Russians, mostly Christians (See the book [The Khazar Deception](#), a 3,300 page digital book on an evil that would even rival the Islamist. That God himself revealed and warned us about through prophesy. Or the book [“End of an Age”](#) that reveals this evil in prophesy, a

2,400 page digital book). Putin, the leader of Russia was reestablishing Christianity (was a KGB officer who became a Christian) and was also preserving the Christian places of worship in Serbia from the destruction of the Islamist. Russia was suffering from their own Moslem problems.

Europe within a short two or three decades from now will be suffering their own Islamic Serbia's. America and others will be suffering from their own culture clashes. The fools in our governments have been pushing multi-culturalism and pluralism to the detriments of it own indigenous citizens and Christian culture. But there are those forces of evil inside and outside of our governments that wants multi-culturalism and poralism as an underhanded means to destroy the Christian culture and its western values and morality. As Christianity is in the way of their New World Order. You will just have to get the books [The Khazar Decepion](#) and/or [End of an Age](#) to understand what is really happening to our world.

The Western Nations need to make, then enforce a place of safety in the Middle East for those Moslems to go to. In this scenio they can be housed, food and supplies sent to them and an industry of jobs provided. This sanctuary should be governed under western laws, absolutely no sharia laws. Anyone violating the western laws will be forced out of this sanctuary and never allowed to return. This may cost billions, but it will save hundreds of thousands of lives and

preserve Western civilization, otherwise it will cost TRILLIONS in ruin, devastation and blood, all caused by the Islamist.

The fools of the Obama administration wants to bring in thousands of Islamist (it is documented that this guy has Islamic roots, which was hidden from you. He played at being a Christian, but his fruits prove that he is a fake, as he also promoted sodomy). I keep wondering if those in our government are just brain dead? Don't they understand that it is like bringing in thousands of followers of the [Charles Manson](#) death cult? Muhammad is a thousand times worse than Charles Manson when it comes to mass murder, crimes of theft, rape and more. These people want to emulate their founder and leader of Islam, just like the followers of Manson emulated him (they referred to themselves as the Manson family). Don't those in our government and who are our public servants even care for Americans and its culture? Our government is bringing in members of a murderous cult that endangers us all. What ever happened to our leaders who would put America and Americans FIRST? To keep those out of our country who would and will harm us in the near future? The leadership in America and other Western countries are absolute fools and they will have the blood of their own citizens on their hands.

Anti-Islam sentiment is pushing Europe towards "wars of religion," Turkey's foreign minister Mevlut Cavusoglu said: "Soon wars of religion may and will start in Europe."

Are you listening, you foolish, ignorant leaders of Europe, America and other countries that value freedom and a safe and prosperous civilization. Get rid of this backward, seventh century cult that endangers us all. Send them back to the Islamic hell-holes that they came from and created.

## SAUDI KING SAYS CHRISTIANS, JEWS, MUSLIMS SHOULD LIVE IN PEACE

By J. Grant Swank, Jr.

Mar 27, 2008

Saudi Arabia's King Abdullah says we monotheists worship the same deity.

We don't.

Allah is Lucifer, the Koran scribed by demons and mosque cleric's agents of hell.

Christ is the true Messiah, the Bible is divine revelation and biblical gospel-tellers are agents of heaven.

Judaism does not recognize Christ as Messiah, and discounts Allah as co-deity.

Nevertheless, the king spoke at a seminar on "Culture and Respect of Religions." There he set forth that better relations need to exist in his Muslim country because of the "weakening of the family, increasing atheism and a lack of ethics, loyalty and sincerity for our religions and humanity" per AP.

Christianity is given the daily threat in Saudi Arabia. For a Muslim to testify to Christ as Savior equals death. So obviously the Islamic regime has set up Christianity as the archenemy. Time to be nice to Christians? Belatedly so.

Weakening of the family?

I did not know there was much of a Muslim regard for family, not with females regarded as less than dung and honor killing a daily slice-and-dice.

As for atheism, I would think it would flourish as the most reasonable alternative to Islam. As for “ethics,” what does that mean to sharia and the Koran but bloodletting?

Anyhow, at least the speech will make Islam appear the “peace religion” some think it is.

Kudos to the king.

## [Article 2](#)

### Allah – The Greatest Deceiver of them All

[Sam Shamoun](#)

The Quran describes Allah as the best deceiver there is, a liar who is not above using the same evil and wicked schemes of his opponents.

For example, the Quran calls Allah a *makr*, in fact the best *makr* there is:

But they (the Jews) *were deceptive*, and Allah *was deceptive*, for Allah is the best of deceivers (*Wamakaroowamakara Allahu waAllahu khayru al-makireena*)! S. 3:54; cf. 8:30

Other texts that identify Allah as a *makr* include:

Are they then secure from *Allah's deception (makra Allahi)*? None deemeth himself secure from *Allah's scheme (makra Allahi)* save folk that perish. S. 7:99 Pickthall

So they *schemed a scheme: and We schemed a scheme (Wamakaroo makran wamakarna makran)*, while they perceived not. S. 27:50

The word for deception/deceiver/scheme is *makr*. The lexical sources define the term as:

Miim-Kaf-Ra = To practice deceit or guile or circumvention, practice evasion or elusion, to plot, to exercise art or craft or cunning, act with policy, practice stratagem.

*makara* vb. (1)

perf. act. 3:54, 3:54, 7:123, 13:42, 14:46, 16:26, 16:45, 27:50, 40:45, 71:22

impf. act. 6:123, 6:123, 6:124, 8:30, 8:30, 8:30, 10:21, 12:102, 16:127, 27:70, 35:10

n.vb. 7:99, 7:99, 7:123, 10:21, 10:21, 12:31, 13:33, 13:42, 14:46, 14:46, 14:46, 27:50, 27:50, 27:51, 34:33, 35:10, 35:43,

35:43, 71:22

pcple. act. 3:54, 8:30

LL, V7, p: 256 ([Source](#))

And:

He practised DECEIT, GUILE, or CIRCUMVENTION, desiring to do another a foul, an abominable, or an evil action, clandestinely or without his knowing whence it proceeded. (*Lane's Arabic-English Lexicon*; [source](#))

Lest Muslims accuse these lexicons of bias or distortion notice what Muslim scholar Dr. Mahmoud M. Ayoub says when he asks,

"how the word *makr* (scheming or plotting), *which implies deceitfulness or dishonesty*, could be attributed to God." (*The Quran and Its Interpreters – The House of Imran* [State University of New York Press [SUNY], Albany 1992], Volume II, p. 165; italic emphasis ours)

After listing several Muslim sources he quotes a renowned Muslim expositor named ar-Razi who wrote that,

"scheming (*makr*) *is actually an act of deception aiming at causing evil*. It is not possible to attribute deception to God. Thus the word is one of the *muttashabihat* [multivalent words of the Quran]." (Ibid., p. 166; italic emphasis ours)

Unfortunately for ar-Razi, the Quran attributes deception to Allah since it identifies him as the best *makr* there is.

Ayoub also sources one Muslim who actually boasted of Allah being the best conniver/deceiver/schemer etc.,

"Qurtubi observes that some scholars have considered the words 'best of schemers' to be one of God's beautiful names. Thus one would pray, 'O Best of Schemers, scheme for me!' Qurtubi also reports that the Prophet used to pray, 'O God, scheme for me, and do not scheme against me!' (Qurtubi, IV, pp. 98-99; cf. Zamakhshari, I, p. 366)." (Ibid., p. 166)

And here, also, is how one of the earliest sources on the life of Muhammad interpreted Q. 8:30:

Then he reminds the apostle of His favour towards him when the people plotted against him 'to kill him, or to wound him, or to drive him out; and they plotted and God plotted, and is the best of plotters.' i.e. I DECEIVED them with My firm GUILF so that I delivered you from them. (*The Life of Muhammad: A Translation of Ibn Ishaq's Sirat Rasul Allah*, with introduction and notes by Alfred Guillaume [Oxford University Press, Karachi, Tenth impression 1995], p. 323; capital emphasis ours)

Thus, the Quran unashamedly calls Muhammad's god the best liar and deceiver of them all!

In fact, the Quran states that Allah actually raises wicked individuals to deceive and scheme:

Even so have we placed in every city, ringleaders of its wicked ones, *to scheme therein (liyamkuroo)*: but only against themselves shall *they scheme (yamkuroona)*! and they know it not. S. 6:123 Rodwell

And further commands people to do evil so that he can then have a reason to destroy them!

And when We would destroy a township *We send commandment to its folk who live at ease, AND AFTERWARD they commit abomination therein*, and so the Word (of doom) hath effect for it, and we annihilate it with complete annihilation. S. 17:16 Pickthall

There is more to the story. The Quran uses yet another word in describing the deception of Allah, that word being *khida/khuda/khada*:

*Verily, the hypocrites seek to deceive Allah, but it is He Who deceives them (Inna al-munafiqeena yukhadiaaona Allaha wahuwa khadiaaahum)*. And when they stand up for As-Salat (the prayer), they stand with laziness and to be seen of men, and they do not remember Allah but little. S. 4:142 Hilali-Khan

Here, once again, is the lexical meaning of this specific word:

Kh-Dal-Ayn = To hide/conceal, double or fold, deceive or outwit, pretend, to enter, vary in state/condition, refrain or refuse, relinquish, to be in little demand of, deviate from the right course, resist/unyield/incompliant, turn away and behave proudly.

*khada'a* vb. (1)

impf. act. 2:9, 8:62

pcple. act. 4:142

*khada'a* vb. (3) impf. act. 2:9, 4:142

LL, V2, p: 344, 345, 346, 347 ([Source](#))

Lest there be any confusion concerning the fact that this word means that Allah is a deceiver notice how this term is used in the following references:

*They (think to) deceive Allah (Yukhadiaaona) and those who believe, while they only deceive (yakhdaaona) themselves, and perceive (it) not! S. 2:9 Hilali-Khan*

*And if they would deceive thee (yakhdaaooka), then lo! Allah is Sufficient for thee. He it is Who supporteth thee with His help and with the believers, S. 8:6 Pickthall*

Is there any doubt that the unbelievers were using deception as they tried to deceive Muhammad and his companions?

Just as there is no doubt that Allah also uses deception in deceiving them!

It gets worse. Satan accused Allah of misleading or deceiving him:

He said: Now, because *Thou hast sent me astray (aghwaytanee)*, verily I shall lurk in ambush for them on Thy Right Path. S. 7:16 Pickthall

[Iblis (Satan)] said: "O my Lord! *Because you misled me (aghwaytanee)*, I shall indeed adorn the path of error for them (mankind) on the earth, *and I shall mislead (walaoghwiyanahum) them all*. S. 15:39 Hilali-Khan

What makes this last reference rather interesting is that Satan promises to do to mankind what Allah did to him, namely, pervert/deceive/mislead people from the path!

Lest a Muslim say that these are the lies of Satan, that the enemy was merely slandering Allah, here is a text where the Quran acknowledges that the Devil was right since Allah does pervert/deceive/mislead people from the way:

And my sincere counsel will not profit you, if I desire to counsel you sincerely, *if God desires to pervert you (yughwiyakum)*; He is your Lord, and unto Him you shall be returned.' S. 11:34 Arberry

To say that this is amazing would be a wild understatement.

Our analysis has shown that Muhammad's deity is a deceiver who cannot be trusted since he lies without hesitation.

A Muslim may contend that Allah only deceives unbelievers who deserve it. The problem with this assertion is that the Muslim scripture teaches that Allah doesn't merely deceive unbelievers but also his followers.

For example, Allah deceived Muhammad into thinking that the fighting men at Badr were fewer in number than they actually were:

When Allah showed them to you in your dream as few; and if He had shown them to you as many you would certainly have become weak-hearted and you would have disputed about the matter, but Allah saved (you); surely He is the Knower of what is in the breasts. And when He showed them to you, when you met, as few in your eyes and He made you to appear little in their eyes, in order that Allah might bring about a matter which was to be done, and to Allah are all affairs returned. S. 8:43-44 Shakir

Hence, Allah lies and deceives both believers and unbelievers without discrimination. In fact this demonic god is deceiving billions of people, so that they will be where he will end up

for all eternity, the Lake of Fire where all the wicked will be with him and his demonic angles.

## *ALLAH-THE MOON GOD*

### The Archeology of the Middle East

The religion of Islam has as its focus of worship a deity by the name of "Allah." The Muslims claim that Allah in pre-Islamic times was the biblical God of the Patriarchs, prophets, and apostles. The issue is thus one of continuity. Was "Allah" the biblical God or a pagan god in Arabia during pre-Islamic times? The Muslim's claim of continuity is essential to their attempt to convert Jews and Christians for if "Allah" is part of the flow of divine revelation in Scripture, then it is the next step in biblical religion. Thus we should all become Muslims. But, on the other hand, if Allah was a pre-Islamic pagan deity, then its core claim is refuted. Religious claims often fall before the results of hard sciences such as archeology. We can endlessly speculate about the past or go and dig it up and

see what the evidence reveals. This is the only way to find out the truth concerning the origins of Allah. As we shall see, the hard evidence demonstrates that the god Allah was a pagan deity. In fact, he was the Moon-god who was married to the sun goddess and the stars were his daughters.

Archeologists have uncovered temples to the Moon-god throughout the Middle East. From the mountains of Turkey to the banks of the Nile, the most wide-spread religion of the ancient world was the worship of the Moon-god. In the first literate civilization, the Sumerians have left us thousands of clay tablets in which they described their religious beliefs. As demonstrated by Sjoberg and Hall, the ancient Sumerians worshiped a Moon-god who was called many different names. The most popular names were Nanna, Suen and Asimbabbar. His symbol was the crescent moon. Given the amount of artifacts concerning the worship of this Moon-god, it is clear that this was the dominant religion in Sumeria. The cult of the Moon-god was the most popular religion throughout ancient Mesopotamia. The Assyrians, Babylonians, and the Akkadians took the word Suen and transformed it into the word Sin as their favorite name for the Moon-god. As Prof. Potts pointed out, "Sin is a name essentially Sumerian in origin which had been borrowed by the Semites."

In ancient Syria and Canaan, the Moon-god Sin was usually represented by the moon in its crescent phase. At times the full moon was placed inside the crescent moon to emphasize all the phases of the moon. The sun-goddess was the wife of Sin and the stars were their daughters. For example, Istar was a daughter of Sin. Sacrifices to the Moon-god are described in the Pas Shamra texts. In the Ugaritic texts, the Moon-god was sometimes called Kusuḥ. In Persia, as well as in Egypt, the Moon-god is depicted on wall murals and on the heads of statues. He was the Judge of men and gods. The Old Testament constantly rebuked the worship of the Moon-god (see: Deut. 4:19;17:3; II Kngs. 21:3,5; 23:5; Jer. 8:2; 19:13; Zeph. 1:5, etc.) When Israel fell into idolatry, it was usually the cult of the Moon-god. As a matter of fact, everywhere in the ancient world, the symbol of the crescent moon can be found on seal impressions, steles, pottery, amulets, clay tablets, cylinders, weights, earrings, necklaces, wall murals, etc. In Tell-el-Obeid, a copper calf was found with a crescent moon on its forehead. An idol with the body of a bull and the head of man has a crescent moon inlaid on its forehead with shells. In Ur, the Stela of Ur-Nammu has the crescent symbol placed at the top of the register of gods because the Moon-god was the head of the gods. Even bread was baked in the form of a crescent as an act of devotion to the Moon-god. The Ur of the Chaldees was so devoted to the Moon-god that

it was sometimes called Nannar in tablets from that time period.

A temple of the Moon-god has been excavated in Ur by Sir Leonard Woolley. He dug up many examples of moon worship in Ur and these are displayed in the British Museum to this day. Harran was likewise noted for its devotion to the Moon-god. In the 1950's a major temple to the Moon-god was excavated at Hazor in Palestine. Two idols of the moon god were found. Each was a stature of a man sitting upon a throne with a crescent moon carved on his chest . The accompanying inscriptions make it clear that these were idols of the Moon-god. Several smaller statues were also found which were identified by their inscriptions as the "daughters" of the Moon-god. What about Arabia? As pointed out by Prof. Coon, "Muslims are notoriously loath to preserve traditions of earlier paganism and like to garble what pre-Islamic history they permit to survive in anachronistic terms."

During the nineteenth century, Audaud, Halevy and Glaser went to Southern Arabia and dug up thousands of Sabeian, Minaean, and Qatabanian inscriptions which were subsequently translated. In the 1940's, the archeologists G. Caton Thompson and Carleton S. Coon made some amazing discoveries in Arabia. During the 1950's, Wendell Phillips, W.F. Albright, Richard Bower and others excavated sites at Qataban, Timna, and Marib (the ancient capital of Sheba).

Thousands of inscriptions from walls and rocks in Northern Arabia have also been collected. Reliefs and votive bowls used in worship of the "daughters of Allah" have also been discovered. The three daughters, al-Lat, al-Uzza and Manat are sometimes depicted together with Allah the Moon-god represented by a crescent moon above them. The archeological evidence demonstrates that the dominant religion of Arabia was the cult of the Moon-god.

In Old Testament times, Nabonidus (555-539 BC), the last king of Babylon, built Tayma, Arabia as a center of Moon-god worship. Segall stated, "South Arabia's stellar religion has always been dominated by the Moon-god in various variations." Many scholars have also noticed that the Moon-god's name "Sin" is a part of such Arabic words as "Sinai," the "wilderness of Sin," etc. When the popularity of the Moon-god waned elsewhere, the Arabs remained true to their conviction that the Moon-god was the greatest of all gods. While they worshiped 360 gods at the Kabah in Mecca, the Moon-god was the chief deity. Mecca was in fact built as a shrine for the Moon-god. This is what made it the most sacred site of Arabian paganism. In 1944, G. Caton Thompson revealed in her book, *The Tombs and Moon Temple of Hureidha*, that she had uncovered a temple of the Moon-god in southern Arabia. The symbols of the crescent moon and no less than twenty-one inscriptions with the name Sin were

found in this temple. An idol which may be the Moon-god himself was also discovered. This was later confirmed by other well-known archeologists.

The evidence reveals that the temple of the Moon-god was active even in the Christian era. Evidence gathered from both North and South Arabia demonstrate that Moon-god worship was clearly active even in Muhammad's day and was still the dominant cult. According to numerous inscriptions, while the name of the Moon-god was Sin, his title was al-ilah, i.e. "the deity," meaning that he was the chief or high god among the gods. As Coon pointed out, "The god Il or Ilah was originally a phase of the Moon God." The Moon-god was called al-ilah, i.e. the god, which was shortened to Allah in pre-Islamic times. The pagan Arabs even used Allah in the names they gave to their children. For example, both Muhammad's father and uncle had Allah as part of their names. The fact that they were given such names by their pagan parents proves that Allah was the title for the Moon-god even in Muhammad's day. Prof. Coon goes on to say, "Similarly, under Mohammed's tutelage, the relatively anonymous Ilah, became Al-Ilah, The God, or Allah, the Supreme Being."

This fact answers the questions, "Why is Allah never defined in the Qur'an? Why did Muhammad assume that the pagan Arabs already knew who Allah was?" Muhammad was raised in the religion of the Moon-god Allah. But he went one step

further than his fellow pagan Arabs. While they believed that Allah, i.e. the Moon-god, was the greatest of all gods and the supreme deity in a pantheon of deities, Muhammad decided that Allah was not only the greatest god but the only god. In effect he said, "Look, you already believe that the Moon-god Allah is the greatest of all gods. All I want you to do is to accept that the idea that he is the only god. I am not taking away the Allah you already worship. I am only taking away his wife and his daughters and all the other gods." This is seen from the fact that the first point of the Muslim creed is not, "Allah is great" but "Allah is the greatest," i.e., he is the greatest among the gods. Why would Muhammad say that Allah is the "greatest" except in a polytheistic context? The Arabic word is used to contrast the greater from the lesser. That this is true is seen from the fact that the pagan Arabs never accused Muhammad of preaching a different Allah than the one they already worshiped. This "Allah" was the Moon-god according to the archeological evidence. Muhammad thus attempted to have it both ways. To the pagans, he said that he still believed in the Moon-god Allah. To the Jews and the Christians, he said that Allah was their God too. But both the Jews and the Christians knew better and that is why they rejected his god Allah as a false god.

Al-Kindi, one of the early Christian apologists against Islam, pointed out that Islam and its god Allah did not come from

the Bible but from the paganism of the Sabeans. They did not worship the God of the Bible but the Moon-god and his daughters al-Uzza, al-Lat and Manat. Dr. Newman concludes his study of the early Christian-Muslim debates by stating, "Islam proved itself to be...a separate and antagonistic religion which had sprung up from idolatry." Islamic scholar Caesar Farah concluded "There is no reason, therefore, to accept the idea that Allah passed to the Muslims from the Christians and Jews." The Arabs worshiped the Moon-god as a supreme deity. But this was not biblical monotheism. While the Moon-god was greater than all other gods and goddesses, this was still a polytheistic pantheon of deities. Now that we have the actual idols of the Moon-god, it is no longer possible to avoid the fact that Allah was a pagan god in pre-Islamic times. Is it any wonder then that the symbol of Islam is the crescent moon? That a crescent moon sits on top of their mosques and minarets? That a crescent moon is found on the flags of Islamic nations? That the Muslims fast during the month which begins and ends with the appearance of the crescent moon in the sky?

## CONCLUSION

The pagan Arabs worshiped the Moon-god Allah by praying toward Mecca several times a day; making a pilgrimage to Mecca; running around the temple of the Moon-god called the Kabah; kissing the black stone; killing an

animal in sacrifice to the Moon-god; throwing stones at the devil; fasting for the month which begins and ends with the crescent moon; giving alms to the poor, etc. The Muslim's claim that Allah is the God of the Bible and that Islam arose from the religion of the prophets and apostles is refuted by solid, overwhelming archeological evidence. Islam is nothing more than a revival of the ancient Moon-god cult. It has taken the symbols, the rites, the ceremonies, and even the name of its god from the ancient pagan religion of the Moon-god. As such, it is sheer idolatry and must be rejected by all those who follow the Gospel.

Satan has conned Muslims into misdirecting their prayers to a pagan Moon god! A false god, which is idol worship which is in the spiritual realm is the worship of Satan.

## Article 4

Moon worship has been practiced in Arabia since 2000 BC. The crescent moon is the most common symbol of this pagan moon worship as far back as 2000 BC.

1. In Mecca, there was a god named Hubal who was Lord of the Kabah.
2. This Hubal was a moon god.
3. One Muslim apologist confessed that the idol of moon god Hubal was placed upon the roof of the Kaba about 400 years before Muhammad. This may in fact be the origin of why the crescent moon is on top of every minaret at the Kaba today and the central symbol of Islam atop of every mosque throughout the world:

About four hundred years before the birth of Muhammad one Amr bin Lahyo ... a descendant of Qahtan and king of Hijaz, had put an idol called Hubal on the roof of the Kaba. This was one of the chief deities of the Quraish before Islam.

([Muhammad The Holy Prophet](#), Hafiz Ghulam Sarwar (Pakistan), p 18-19, Muslim)

1. The moon god was also referred to as "al-ilah". This is not a proper name of a single specific god, but a generic reference meaning "the god". Each local pagan Arab tribe would refer to their own local tribal pagan god as "al-ilah".

2. "al-ilah" was later shortened to Allah before Muhammad began promoting his new religion in 610 AD.
3. There is evidence that Hubal was referred to as "Allah".
4. When Muhammad came along, he dropped all references to the name "Hubal" but retained the generic "Allah".
5. Muhammad retained almost all the pagan rituals of the Arabs at the Kaba and redefined them in monotheistic terms.
6. Regardless of the specifics of the facts, it is clear that Islam is derived from paganism that once worshiped a moon-god.
7. Although Islam is today a monotheist religion, its roots are in paganism.

Allah, the moon god of the Kaba:

There are a number of scholars who believe that Allah was originally the name of the moon god of Northern Arabia. It is important to remember that the word "Allah" simply means "the god" and corresponds to "ho theos" in the Greek New Testament as "the God" which refers to the Father in John 1:1 and the Son in John 20:28 and Heb 1:8. What is interesting is that Hubal was the top pagan moon god of the Kabah. So Allah is the generic and Hubal, may have been the actual name, in the same way that "the God" is generic and "Jehovah" is the name. The Arabs may have referred to

"Hubal" as "Allah", just like Jews would refer to "Jehovah" as "The God".

Hubal, the moon god of the Kaba:

What is quite certain is that the Pagan Arabs in Mecca worshiped a moon god called Hubal at the Kabah. Hubal was the Lord of the Kabah, being the highest ranking god of the 360 gods worshiped in the Kabah. Now here is the amazing thing. Allah was also worshiped as the Lord of the Kabah. Yet, Allah was never represented by any idol of physical nature. To suggest the polytheistic Arabs never created an idol to represent Allah is simply unreasonable and unbelievable. We suggest rather, that Hubal was who the Pagan Arabs addressed their prayers to Allah through. In other words, Allah was Hubal. Muhammad came along and smashed the idol of Hubal and now the Arabs had no idol of Allah to pray through any more and Hubal was forgotten. There are stories in the Sira of pagan Meccan praying to Allah while standing beside the image of Hubal. ([Muhammad's Mecca](#), W. Montgomery Watt, Chapter 3: Religion In Pre-Islamic Arabia, p26-45) We suggest that Arabs stood beside Hubal and prayed to him, referring to him as Allah.

There are remnants of pagan moon god worship in the Koran when we have examples of Muslims swearing by the moon. There is no example in the Bible, of anyone ever swearing by

a planet. This evidence is not decisive, but it is interesting to note.

- "I swear by the moon, And the night when it departs, And the daybreak when it shines; Surely it (hell) is one of the gravest (misfortunes)" (Koran 74:32)
- But nay! I swear by the sunset redness, And the night and that which it drives on, And the moon when it grows full, That you shall most certainly enter one state after another. But what is the matter with them that they do not believe, And when the Qur'an is recited to them they do not make obeisance? (Koran 84:16)
- Koran translator Yusuf Ali comments on these two passages: "Nay, verily by the Moon," Yusuf Ali comments, "The moon was worshiped as a deity in times of darkness." (Qur'an, translated by Yusuf Ali, footnote 5798, pg. 1644, explanation of why the Qur'an swears by the moon in Surah 74:32)

Modern usage of the moon god symbol in Islam and Arab nations is a throw back to when the Arabs all worshiped the moon.

The Bible condemns moon worship:

"And *beware*, lest you lift up your eyes to heaven and see the sun and the moon and the stars, all the host of heaven, and

be drawn away and worship them and serve them, those which the Lord your God has allotted to all the peoples under the whole heaven." Deut 4:19

"and has gone and served other gods and worshiped them, or the sun or the moon or any of the heavenly host, which I have not commanded" Deut 17:3

"For he rebuilt the high places which Hezekiah his father had destroyed; and he erected altars for Baal and made an Asherah, as Ahab king of Israel had done, and worshiped all the host of heaven and served them." 2 Kings 21:3

"And he did away with the idolatrous priests whom the kings of Judah had appointed to burn incense in the high places in the cities of Judah and in the surrounding area of Jerusalem, also those who burned incense to Baal, to the sun and to the moon and to the constellations and to all the host of heaven." 2 Kings 23:5

"And they will spread them out to the sun, the moon, and to all the host of heaven, which they have loved, and which they have served, and which they have gone after, and which they have sought, and which they have worshiped." Jer 8:2

"And the houses of Jerusalem and the houses of the kings of Judah will be defiled like the place Topheth, because of all the houses on whose rooftops they burned sacrifices to all the heavenly host and poured out libations to other gods." Jer 19:13

"And those who bow down on the housetops to the host of heaven" Zeph 1:5
